DREDGING

Notice is hereby given that the grab dredger "Merete Chris" will commence dredging on or around Tuesday 21st December.

This vessel will be working for approximately 4 to 5 weeks in the areas of the Channel and turning basin.

Due to the vessels restricted ability to manoeuvre, mariners are advised to give this vessel a wide berth and navigate with caution.

The dredger "Merete Chris" will display lights and shapes for a vessel of its type, as prescribed in the International Regulations for Preventing Collision at Sea.

Russell Oldfield

Harbour Master

20th December 2021
